Professional Summary

B.Tech Information Technology graduate with hands-on project experience in Java, Spring Boot, REST APIs, SQL/MySQL, React.js, and web development. Developed projects involving backend development, API implementation, database integration, validation, testing, and debugging. Strong foundation in OOP, Data Structures, SDLC, Git, and software testing, with a strong interest in building scalable applications.

Technical Skills

Programming Languages: Java, JavaScript, Python, SQL

Backend: Spring Boot, REST APIs, JUnit, Mockito

Frontend: React.js, HTML5, CSS3

Database: MySQL

Core: OOP, Data Structures Algorithms, DBMS, SDLC

Tools: Git, GitHub, Postman, Maven

Experience

Web Development Executive

Apr 2026 – Oct 2026

WeConnect Solutions

Kota, Rajasthan

- Developed and maintained responsive web applications using HTML, CSS, and JavaScript.
- Implemented and integrated REST APIs and handled JSON-based data for web applications.
- Worked on frontend development, debugging, testing, and performance improvements.
- Collaborated with team members to understand requirements and deliver application features within project timelines.
- Used Git and GitHub for version control and maintained clean, structured code.

Projects

Intelligent Video Q&A Assistant | *Python, RAG, LLM, Vector Database*

August 2026

- Developed a Python-based AI application that enables users to interact with video content through natural-language questions.
- Converted video speech into text and processed the transcript into searchable knowledge chunks.
- Implemented Retrieval-Augmented Generation (RAG) using embeddings and a vector database to retrieve relevant video context before generating responses.
- Designed a question-answering workflow that provides context-aware responses based on the uploaded video's content.

Hospital Management System | *Java, MySQL*

June 2025

- Designed and developed a modular application to manage patients, doctors, and appointments.
- Implemented CRUD operations and JDBC connectivity.
- Applied OOP principles for maintainable and scalable code.
- Conducted debugging and unit testing to ensure system reliability.

Education

B.Tech, IT | RTU Kota

Jun 2025

CGPA: 7.50/10.0

Certifications

Software Testing – Simplilearn

AWS APAC – Solutions Architecture Job Simulation

Frontend Development Certification – OneRoadmap

Git & GitHub Essential

Honors & Achievements

Participated in **TATA Crucible Campus Quiz 2024**, representing Rajasthan Technical University (RTU), Kota in national-level analytical competition.

1st Prize in College Fest "Anukriti" (Group Dance), demonstrating teamwork and leadership qualities.

Selected for **Republic Day Parade Camp (2023)** at Rajpath, Delhi – qualified at Institute and District levels.
